

Home Town Stuff

HOME TOWN STUFF—A. J. Robinson, city engineer, who has been ill for the past two months, is able to be out again and Friday afternoon he was an interested spectator at the football game between Vernon and Memphis.

W. W. Matthews of Odell was here yesterday on business. He says crop conditions are good in the Odell country and present prospects point to another good year.

The need of an ornamental light post at the intersection of Wilbarger and Fannin streets has become apparent since Fannin has been paved and opened to traffic, according to a local citizen yesterday, who was observing the lack of anything to regulate traffic at this corner. Before Fannin was paved there was very little traffic on that street, but since it has been paved it is handling considerable traffic across Wilbarger. Many automobile drivers clip the corners on the wrong side of the street much of the time now. Practically every other downtown corner has one of these ornamental lamp posts in the center of the intersection. It is attractive and is a splendid means of letting the automobile driver know where he should drive. Property owners in that section of the city should do as other property owners have in the newly paved sections—bake up the money to pay for the erection of the lamp post.

With receipts in excess of \$2,700 the city water department last month had the biggest month in its history in point of cash receipts, according to Mayor Harry Mason. This happened in spite of the fact that the ban against sprinkling lawns has never been officially lifted. Following the rains the latter part of July and the first week of August had the effect of increasing water flow in the wells and there was at no time any danger of a water shortage. But figured on any basis the water consumption was far below what it would have been if the people had been allowed to use all they needed during the earlier part of the summer. Many residents had given up the idea of keeping up their lawns and flower beds and made no effort to start irrigating in August after the water shortage was relieved.

To Erect New Warehouse and Remodel Brick

J. D. Summerour and son, local cotton seed firm, are erecting a shipping warehouse on their lots near the Frisco round house in north Vernon. The contract has not been let yet but the plans have been drawn by C. A. Krossenberg, local man. The building is of sheet iron with concrete floor and will cost in the neighborhood of \$5,000. The dimensions are 40 by 100 feet.

The same firm is remodeling a brick building at the corner of Main and Maiden streets at a cost of about \$8,000. A complete new front is to be built and the interior is to be redecorated and remodeled along up-to-date lines.

The contract has not yet been awarded on the building. Voelker & Dixon, Wichita Falls, are the architects.

TO DISPLAY CLUB WORK AT WICHITA FALLS FAIR

The girls clubs of Wilbarger county will be represented at the Texas-Oklahoma fair which will be held at Wichita Falls October 3 to 8, according to Miss Emma Gunter, home demonstration agent. The sewing and canning work of Miss L. Lovelace, and the sewing work of I. Clewa and Oneva Noyes of the club will be displayed at Wichita Falls.

L. LOVELACE RESIGNS WITH INSURANCE AGENCY

M. L. Lovelace, who has been associated with C. S. McColloch in the insurance business for a number of years, has resigned his position and has several propositions out of town under consideration. He has closed no trades yet and says he does not know just where he will go. The health of Mrs. Lovelace was the principal reason that led him to seek another location.

Leave for C. I. A.

The following girls left for Denton Sunday night, where they are attending College of Industrial Arts: Misses Pauline McCaleb, Lois McGaughey, Maurine Davis, Hazel Vaughn, Vesta Hoy, Jewell Holliman, and Hattie Tacker.

NUMBER 75.

CLOSING NIGHT OF FAIR DRAWS LARGE CROWDS

Final Check Up of Receipts and Expenses Will Be Made Within Day or Two When It Will Be possible to Give Out Report—Exhibitors Pleased.

The fourteenth annual Wilbarger County Fair came to a close Saturday night with one of the largest night crowds in the history of the institution. From late afternoon until nearly 10 o'clock Saturday night automobile loads of people were passing into the grounds just as fast as a specially organized group of ticket sellers and traffic directors could get them through the gates.

Saturday's attendance, however, was not so large as is usually expected for the closing day, but the big attendance Thursday, when all children were admitted free, and Friday, when hundreds were attracted to the enclosure to see the football game between Vernon and Memphis high school teams, unquestionably attracted many who would have otherwise come on Saturday.

No definite estimate can be placed on the number of people who attended this year's fair, due to the difference in charges for the day and night admissions and the fact that thousands of children were admitted free Thursday.

R. H. Coffee, manager, said today he has not finished checking up his receipts and paying bills and accounts for expenses incident to running the fair, and for this reason he is unable to say just what success had been met with from a financial standpoint. He did say, however, that some money was made and that from many standpoints the fair was the best in the history of the Association.

The agricultural exhibits were better than usual and steps are being taken by representatives of the various communities that sent exhibits this year to form a permanent organization among themselves for the purpose of stimulating interest in this department of the annual fall show and to suggest rules to govern competition for these prizes in the future. Those who had charge of exhibits this year were well pleased with the showing made on such short notice.

It was exactly 26 days from the time that Mr. Coffee was employed until the date set for the opening of the fair. Ten days of this time was consumed in getting out the catalogue and other necessary advertising. Many of the community exhibits were assembled and arranged in the fair building all within a week.

P. D. Chaney, farm agent, Miss Emma Gunter, home demonstration agent, and R. M. Fielder, secretary of the Chamber of Commerce, assisted Mr. Coffee and are due much credit for the success of the fair. These four worked almost night and day after the arrangements were finally made assembling and arranging exhibits and getting people interested in coming to the fair.

The fair directors will probably meet within the next few days to decide on steps for next year's fair.

To Receive Bids Tonight For New Baptist Church

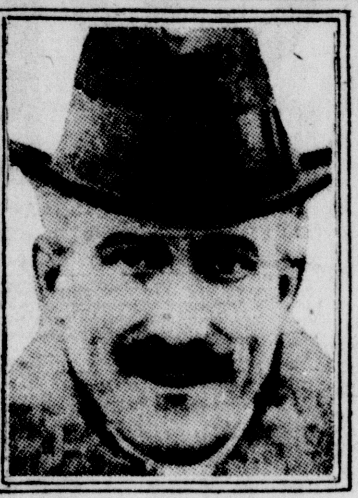

Plans and specifications for the proposed new Baptist church have been sent out to eight contractors for the state and bids will be received at a meeting of the building committee tonight, according to R. Fielder, secretary of the Chamber of Commerce.

The new building will contain fifty Sunday school rooms, according to present plans. The main auditorium will seat 1000 people. Rooms for the church societies and the pastor's study will also be provided. A large basement containing a heating system, banquet room and kitchen are included in the plans.

BUILDS MODERN DUPLEX AND REMODELS OLD HOME

Mrs. H. D. Hockersmith is erecting a modern frame duplex on her property at corner of Peace and Lexington streets. The dimensions are 24X46 and will be completed by the first of the month. On the same lots she has had her old home remodeled and the house now has three compartments. Each suite of rooms has private bath with hot and cold water.

BURY ROSWELL WOMAN SUNDAY

MRS. D. R. BRITT, VERNON RESIDENT TWENTY YEARS AGO, DIES FRIDAY.

Mrs. Callie Britt, 61, wife of D. R. Britt of Roswell, New Mexico, died at their home there Friday morning, September 18. Mrs. Britt had not been in good health for a number of years but was not seriously ill until a short time before her death.

The body accompanied by the family, arrived here Sunday at noon and funeral services were conducted from the Underwood Funeral Home by Dr. E. L. Moore, pastor of the Presbyterian church. Interment took place in East View cemetery by the side of a son and daughter, who were buried there several years ago.

Mrs. Britt was formerly Miss Callie Donahoe of Vernon, and she was married to Mr. Britt, also a pioneer citizen of Vernon, in 1886. She was a charter member of the old Main Street Presbyterian church, which was afterwards merged into the present local church. In 1905, the family moved to Roswell, where they have made their home since that time. She is survived by her husband and two sons, D. R. Britt, Jr., and Billy, and two daughters, Lottie and Nell. All were present for the funeral. Frank Donahoe, her only brother, and family of Davidson, Okla., and her brother-in-law, R. F., and family, of Vernon were also present.

Pall bearers were: F. L. Massie, W. N. Stokes, Frank Murchison, Jim Leak, M. R. Sewell and Emory Rhoads.

District Court For This County Closes Saturday

The fall session of district court was dismissed here last Saturday, and court opened in Crowell yesterday morning.

A large number of cases came before the court while it was in session here, ninety-five in all. Of this number, thirty were civil cases, twenty-three divorce cases, and twenty-two criminal cases. Twenty-three divorce cases were tried, and twenty-two divorces were granted.

COTTON THEFTS REPORTED HERE

SHERIFF URGES FARMERS TO TAKE STEPS FOR OWN PROTECTION.

Two thefts of picked cotton took place near Oklamion Sunday night, according to reports reaching the sheriff's office yesterday morning. Approximately half a bale of cotton was stolen from a wagon in Earl King's field, and about the same amount from a wagon in Walter Petty's field. Sheriff W. Frank Edmondson states that he has clues that will probably lead to the arrest of the thieves.

Mr. Edmondson states that farmers should either leave guards at their wagons in the field at night, or pull the wagons up to the house, as it is impossible for him to place deputies at every cotton wagon. Although his department brought about the arrest and conviction of some parties last year for stealing cotton, more than 5,000 pounds was stolen during last fall. He points out that it is practically impossible to identify stolen cotton, and that his force has little chance to recover the property for the owner.

Fair Was Financial Success, Says Manager, Who Suggests Plans for Fairs in Future

The county fair was a financial success, according to R. H. Coffee, manager, although only a very short time was allowed to get up the exhibits and advertise the dates, and in spite of the indifferent support of many of the business men of the city.

Mr. Coffee says the fair has never had more loyal support from the farmers of Vernon trade territory than it enjoyed this year when perhaps the best agricultural display in the history of the fair was made. He attributes the success of this department to the fact that the people were induced to make community displays, in addition to the individual entries, and to the wholehearted support accorded by P. D. Chaney, county agent, Miss Emma Gunter, home demonstration agent, and R. M. Fielder, secretary of the Chamber of Commerce, who worked untiringly for the success of the enterprise from the day it was decided to have a fair.

All prize money for girls' and women's club displays has been turned over to Miss Gunter for payment to individual winners, and P. D. Chaney.

SEVERAL WELLS COMPLETED FOR BIG PRODUCERS

McCamey-Sheerin-Lucey Complete 1000-Barrel Producer and Humble Adds 500-Barrel—Landreth Starts Extensive Drilling Program.

An increase of approximately 2000 barrels daily was made to local oil production during the past week-end by the completion of five wells in proven territory, one of which is flowing more than 1000 barrels daily, actually gaged. This is Sheerin-McCamey-Lucey's No. 14 Stephens, located in section 83, block 14. It is producing from about twenty feet of sand picked up at 2080 feet. This sand has been passed up as worthless by a number of producers.

Humble Oil and Refining company completed a 500-barrel flowing well during the week-end from a sandy line at 2361-2391 feet in the northeast corner of section 83, block 14.

Continental Oil company completed No. 3 Zipperle yesterday for a 350-barrel production from the 2400-foot sand in section 80, block 14. The well is showing for one of the best producers recently completed, and has revived interest in operations on the Zipperle tract.

Ray-Massie completed No. 5 Bond et al in section 100, block 14 for about 40 barrels. Production is coming from a sand picked up at 1392 feet.

E. A. Landreth's F-1 in section 46, block 4, is swabbing 150 barrels daily from a sand encountered at 1865 and drilled in to 1883. Casing is being lowered, and the well will be placed on the pump.

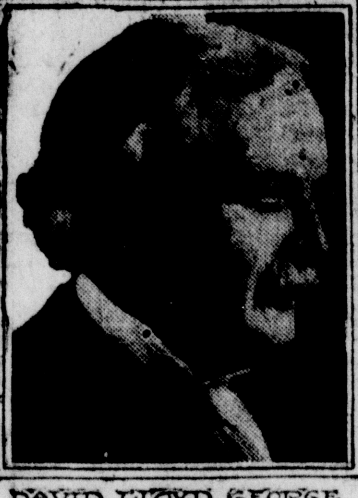

With several new locations reported this week, Landreth has become one of the most active operators in the local field. D-1, located in section 43, block 4, is drilling at 1840 feet. D-2 is drilling past a cave-in in the casing 150 feet from the bottom of the hole which picked up a good looking sand at 1874 feet. D-3 is on a sand and has an oil showing at 1864 feet in section 43, block 4. D-4 is drilling at 100 feet in section 42, block 4. D-5, D-6 and D-7 are locations in section 42, block 4. E-1 in section 52, block 2, is rigging up with a rotary rig. E-2 is a rotary rig in section 46, block 4. G-1 is rigging up with standard tools in section 43, block 4. H-1, located in section 46, block 4, is rigging up with standard tools. I-1 is drilling at 1300 feet in section 43, block 4. M-1, located in section 47, block 2, is drilling below a last reported depth of 1300 feet. Landreth is starting another location north of the old Pyramid lease.

Atlantic Oil Producing company's No. 3 Zipperle, in the northwest corner of its forty acres in section 80, block 14, has changed to a standard and has picked up a sandy line at a depth of 2315 feet.

VERNON PASTOR AT PRESBYTERY

DR. E. L. MOORE ON PROGRAM AT CHURCH DISTRICT MEETING IN DALHART.

Dr. E. L. Moore, pastor of the First Presbyterian church, left today for Dalhart to attend a district meeting of the U. S. A. Presbytery, which convenes in that city, Wednesday for a two-day session. Dr. Moore is on the program Thursday morning for a report of committee on Christian Education, as a representative of Trinity University.

The devotional and opening sermon will be preached Wednesday night by Dr. K. Thomsen and organization of the Presbytery will be formed that night.

Thursday morning, Rev. J. H. Bone is on for devotionals. Dr. Moore will give his address and general business of the Presbytery will be transacted. The 11 o'clock sermon will be preached by Dr. N. F. Grafton.

Following the noon intermission, Rev. W. C. Kuntze will make a report on National missions; selection of meeting place will be made. There will be a round table discussion on the "Value of Accuracy in Statistical Reports," and Rev. C. C. Dooley will give a report of the committee on Ministerial Relief and Sustenance.

The visitors will be entertained with a banquet at 7:30 o'clock with C. H. Walker as toast master. Adjournment will take place that night.

METHODIST CHURCH TO HOLD SPECIAL SERVICE

A special "vacationist's service" will be held at the local Methodist Church Wednesday night, according to Rev. C. A. Bickley, pastor. Each person attending the service who has been on a vacation this summer will be asked to relate some experience.

The Women's Missionary Society will serve light refreshments at the service, according to the announcement.

IMPORTANT MEETING OF AMERICAN LEGION TONIGHT

Reports of delegates to the state meeting of the American Legion at Fort Worth will be heard Wednesday at a call meeting in the district court room at 8 o'clock and a real get-together meeting has been planned. Talks will be made by prominent members of the local post. Important matters will be discussed and members are urged to attend.

FIRE WEEK TO BE OBSERVED

MAYOR STATES THAT CITY WILL COOPERATE IN NATIONAL MOVEMENT.

National fire prevention week has been designated at October 4-10, and State Fire Marshal J. J. Timmins has sent out letters requesting that the week be observed in all places. The letter states that \$250,000,000 worth of property was lost in this state last year because of fire, and that 85 per cent of the fires could have been prevented. Mayor Harry Mason states that Vernon will cooperate with the national movement.

In connection with fire prevention week, the churches, city government, the fire chief, city fire marshal, the press, women's clubs, fire insurance agents, the chamber of commerce, school officials, and teachers, and all civic organizations will be asked to cooperate, says the letter from the State Fire Marshal.

The letter insists upon a clean premises and a clean town, pointing out that danger lurks in every neglected pile of rubbish.

A few weeks ago, E. R. Miller, fire inspector, passed through Vernon, and he scored this city heavily because of the amount of rubbish he found here, stating that the fire hazards were great.

C. S. McColloch, local fire insurance man, is offering the following prizes for the best theme or essay on fire prevention, to be divided as follows: \$5.00 to the Vernon High school; \$5.00 to any school in the county, outside of Vernon; \$2.50 to each of the ward schools.

Mayor Harry Mason and the City Commissioners are to be the judges and all themes must be in the hands of the Mayor by Saturday night, October 10. The essay must contain not less than 100 words nor more than 300.

GAS COMPANY WILL FURNISH CITY WITH FUEL

City Commission Signs Franchise With Mineral Wells Concern This Morning—Engineers Already Working on Survey of Pipe Lines.

The Upham Gas company of Texas was granted a franchise to furnish the city of Vernon with natural gas at a conference of Upham officials with the city commission this morning. The franchise was signed, and the company put up a large forfeit. The city commission was assured by D. A. Upham, president of the gas company, that Vernon would have gas within twelve months.

Engineers have already started surveying the route of the gas lines which will come from the company's field near Shamrock, according to Mr. Upham, and work will be rushed. He stated that it was entirely probable that the work would be completed within six or eight months.

The Upham company is a large concern with headquarters at Mineral Wells, and it has arranged to furnish a number of cities in this section of the state with gas. The line that will be extended to Vernon will come by way of Wellington, Memphis, Childress, Quanah, and Chillicothe. The company has made arrangements with those cities to furnish them gas.

Members of the city commission state that according to the terms of the franchise, each connection will cost approximately \$65, and that the gas rate will be seventy-five cents less 10 per cent for cash, making sixty-seven and a half cents per 1000 cubic feet.

D. A. Upham, president, D. L. Hill, secretary and treasurer, and W. H. Penix, attorney for the company, were in Vernon closing arrangements for the franchise this morning. Mr. Upham expressed himself as pleased with the outlook here and said: "You may assure the people of Vernon that they will actually have gas by the fall of 1926. Regardless of how other companies may have done here, we expect to keep our franchise. Engineers are making the surveys for the proposed gas lines already."

Business Colleges Desire to Place Branch Here

Representatives of two business colleges have recently been in Vernon and signified the intention of their colleges to establish a branch in Vernon if a building could be secured, according to R. M. Fielder, secretary of the chamber of commerce, and it is likely that one will enter Vernon, Mr. Fielder says.

The two colleges which have been planning on entering the local field are Dabne Business College of Wichita, Kansas, and Glaze Business College of Altus, Okla. Both are represented to be strong financial business institutions, according to reports received here.

START WORK TO INCREASE WATER SUPPLY FOR CITY

Representatives of the Layne-Texas Company of Houston arrived here this week to begin work on the development of additional water supply for Vernon. Tests will be made at various points in order to locate the most promising place to sink the wells.

The contract with the City calls for the development of a water supply of a million gallons daily to be turned into the city mains. Under the terms of the agreement the Layne-Texas Company will equip the wells with the necessary pumps, machinery and pipe connections for tying into the water system.

To Attend College.

Quite a number of Vernon boys and girls are students at Abilene Christian College. The following left last week: Misses Wilma Curtis, Nell Hollar, Maude Crowder, Ida Henderson, Freda Williams, and Lester Milholand and Emory Morris.

Marriage Licenses.

The following couples secured marriage licenses last week: Ralph Roberts and Miss Nancy Crowover; Marvin L. Hanna and Miss Jimmie Lee Clark; Irie Crawford and Miss Nora Glover, and L. W. Johnson and Emma Mathis, negroes.

Denny in Feature Comedy Tomorrow White Desert Soon

Reginald Barker's "The White Desert," the Metro-Goldwyn-Mayer picture of Courtney Ryley Cooper's novel, coming to the Pictorium Friday only, bears every indication of being the thrill director's most gripping film to date. The picture depicts the hardships incurred by a construction company in drilling a tunnel through the snow-swept region of the Rockies; and was filmed in the actual locations called for in the story.

Claire Windsor, Pat O'Malley and Robert Frazer head the splendid cast appearing in the picture. L. G. Rigby wrote the scenario from Monte M. Katterjohn's adaptation and Lew Lipton's comedy relief.

Entertaining three women at the same time and in the same cafe, each woman being unaware of the other's existence is the problem which confronts Reginald Denny in

his latest laughing success, "I'll Show You the Town," the Universal-Jewel feature soon to be shown at the Pictorium. The supporting cast includes such well known favorites as Marian Nixon, Edward Kimball, Lillian Tashman, Hayden Stevenson, Cissy Fitzgerald, Margaret Livingston, Neely Edwards, William A. Carroll, Martha Mattox, Helen Greene and Lincoln Braham. The picture was directed by Harry Polard.

Modern youth with its wilful fancies furnishes the theme for the William Fox production, "Wings of Youth," which opened yesterday.

This film marks the return to the screen of one of America's most popular actresses, Ethel Clayton. The girl with the glowing eyes, Madge Bellamy, plays the leading role in an indisputably delightful manner. The cast includes Katherine Perry, Freeman Wood, Charles Farrell and Robert Cain.

Miss Kathryn Whentley and Miss Kathryn McCulloch left today for Dallas to enter Saint Mary's College. This is Miss Whentley's second year at the Dallas institution. Miss McCulloch attended Ward-Belmont last year.

Strong Bill On All Week at The Vernon Theater

Cecil De Mille's picturization of the Ten Commandments is on at the Vernon Theater, commencing yesterday for a three-day run. Vernon people who saw the play last night speak in flattering terms of the wonderful picture. Several, who had seen the play in the East gave advance notices to their friends that they must be sure and see the film when it arrived in Vernon.

It has comedy, spectacle and drama. The production takes a little over two hours to show and the first roots treat of the Israelites, their bondage, their journey toward the promised land.

Then follow scenes showing Moses receiving the commandments on the mount, the children of Israel worshipping the golden calf in a wild orgy, and finally the fade-out in which Moses, wrathful at seeing his people's treachery, flings the tablets, which he had received on the rocks, smashing them into a thousand parts.

The modern story was written by Jennie Macpherson. It shows that the commandments are as great a moral force today as they were five thousand years ago. The lives of two brothers are followed. One lives a life in which he creates and breaks his own laws, while the other keeps the decalogue as his guiding force. In the end evil is punished and good is triumphant.

The new Dix picture, "The Shock Punch," will be shown here Thursday and Friday.

In "The Shock Punch," Dix has the role of Randall Lee Savage, son of a wealthy family, who, in a course of boxing to keep physically fit, develops a "shock punch." He is forced to use this knockout punch on several occasions, especially when in an attempt to prove his daring, he takes a position among structural iron workers. These workers take delight in teasing the embryo and force him to perform hazardous feats on iron beams as they are being hoisted to lofty heights.

Miss Howard plays Dorothy Clark, whose love Dix seeks to win by his courage and daring.

Yakima Canutt, is the star in the big western that comes for Saturday only to the Vernon Theater. "The Riding Comet" is full of thrills. Woven skillfully into the smashing story of two able, fearless men and a lovely girl is the theme of a glorious horse, epitomizing courage, loyalty and affection. How this hearted animal races thirty miles to save his man who has befriended her, carrying the anaesthetic which is needed to save his life, makes one of the most dramatic and sensational incidents ever filmed.

Indian Pageant Feature Big Top Here Next Monday

For those who love stories of the Indians, and the strange and perilous adventures of white men in dealing with the forest tribes, a remarkable anecdote of life in the Virginia woodlands three centuries ago, brilliantly portrayed by a gigantic staff of living actors, including three tribes of Indians, will be seen at Vernon, Monday, September 28, when the A. G. Barnes largest wild animal circus in the world comes to town.

The A. G. Barnes circus, which grows larger and more gorgeous each year, has provided for lovers

Indians from the famous "Painted Desert" of Arizona, the cactus-covered plains of Nevada and the wild, rolling hills of New Mexico, are included in the gigantic pageant. There will also be one hundred bathing beauties from the "sun-kist" shores of Southern California, all of whom have been trained extensively for their parts in some of the best motion picture, dramatic, dancing and singing studios on the West Coast.

The celebrated "Sacred Snake Dance" enacted by Hopi Indians, clad in skins of wild animals, will be seen. The savages, crazed by the beating of tom-toms actually wind squirming, deadly rattlesnakes about their half-naked bodies and thrust the heads of the poisonous reptiles in their mouths during the weird ceremony.

You will also see the Giant Gorilla Man—Joe Martin, himself. And last, but not least, you'll see Lotus, 5-ton, largest and only blood-sweating hippopotamus in the world, with "the show that's different"—gorgeously bigger every year.

VERNON ELEVEN MEETS COLLEGE

LOCAL GRID SQUAD IS PITCHED AGAINST WICHITA COLLEGE ELEVEN FRIDAY.

Coaches Baggett and Wilmon are whipping the Vernon Lions into shape for the Wichita Falls Junior College invasion which is scheduled for next Friday afternoon. Although

the team failed to show any outstanding ability in last Friday's game, it is expected to make a much better showing this Friday because of the fact that the squad had had practically no scrimmage before last week's game and many of the substitutes used clearly showed that they did not know what it was all about. With practice, these men will make a much better showing.

Couch Mosley of the Junior College Indians, is little short of enthusiastic over his prospects. Reports from Wichita Falls state that his eleven of last year is back in the harness this season practically intact, and is showing the experience of a veteran team. He is starting

all his plays from punt formations this year, and from that formation attack, and a fast running game. Coach Mosley is making no secret of the fact that he is driving his team hard in an effort to get revenge for the stinging defeat handed his squad by the Lions last year.

Lu Lucke, Rawls, Timmons, Chanan, Clary, Kelm, Harris and Karns, Mosley has the nucleus of a forward wall that is likely to give the Lions cause for worry.

Last year the Lions ran rough shod over the Indians for a 36-0 victory. At that time practically every man on the Indian eleven was green at the game. This year's veteran team is expected to give the Lions harder work. Baggett will have ample opportunity to test his men on both offensive and defensive.

HARDEMAN COUNTY COUPLE MARRIED HERE SUNDAY

P. L. Board of Chillicothe and Miss Fay Eloise Dunlap of Quanah were married here Sunday afternoon by Rev. C. A. Bickley, pastor of the First Methodist church, at the parsonage on West Peace street.

Paving is being laid on the stretch of the Colorado-Gulf highway between the Wichita County line and Harrold, and if there are no serious delays the pavement will be complete before the snow flies this winter.

TO BUILD HOTEL AT SAN ANGELO

S. A. NAYLOR CONSIDERING PROPOSAL TO REPLACE BUILDING BURNED.

S. A. Naylor of Vernon will erect a six-story fire-proof hotel building in San Angelo to replace the Landon Hotel which was recently destroyed by fire, if present plans mature. Mr. Naylor returned from San Angelo Thursday. He had been there in conference with business men since the hotel was burned late last month.

Mr. Naylor owned the Landon Hotel property and had it leased to a hotel operating company. Since the old building was burned a movement has been started to replace it with a modern hotel of 250 rooms. The new project will call for an investment of from \$225,000 to \$250,000 and Mr. Naylor has proposed to go ahead with the building, provided a bonus of \$25,000 is raised by San Angelo business men who are anxious to see the new hostelry go on.

Waco architects are working on plans for the new building and these will be completed within a few weeks. If the conditions are met to secure the new building, it is announced that work can be started within sixty days. It is planned to go ahead at once with the construction of the ground floor, which will have a frontage of 150 feet, and the first unit of the hotel building proper, containing 125 rooms. It is hoped, however, that it will be possible to build the second unit of 125 rooms at the same time the first unit and ground floor are constructed.

Mr. Naylor and his family were spending their vacation in the Pacific coast country when they were advised of the loss of their property by fire several weeks ago. They went to San Angelo at once, and negotiations looking to the replacement of the old Landon Hotel with a modern, fire-proof structure were opened immediately with Mr. Naylor by San Angelo business men.

FORMER VERNON LUMBERMAN VISITS HOME FOLKS HERE

H. E. Muller of Ennis is visiting his mother, Mrs. Betty Muller of Hinds community and other relatives and recuperating from a serious operation performed several weeks ago. Mr. Muller was with the Cameron Lumber Company, and left Vernon in 1907. He has been with the same lumber company for twenty-one years, and is manager at Ennis. In driving over the city he noticed many changes since he lived here, and was well pleased with the paved streets and fine homes. He was particularly pleased with Hill Crest Heights, new residence addition, which is near the Muller home place in West Vernon.

OKLAHOMA BABY BURIED IN PARADISE CEMETERY

Willie Redding, 3, son of Mr. and Mrs. Albert Redding, living on the Ben Byars farm near Oklaunion, died Monday night at their home after a brief illness. The body was interred in Paradise cemetery yesterday afternoon.

Mrs. C. S. McCulloch accompanied her daughter, Miss Kathryn, to Dallas this week, where Miss Kathryn entered Saint Mary's college.

Mrs. Joseph Flaig of Lubbock is visiting her parents, Mr. and Mrs. J. A. Harrington.

G. W. Magness, for many years a resident of Wilbarger County, is here this week on business. He is sales agent for Capitol Syndicate lands in Parmer County, with Farwell as headquarters. He says his father, D. Magness, who was a pioneer of Wilbarger County, is living at Farwell and is in the best of health, although he will soon be eighty years of age. According to the younger Mr. Magness the Capitol Syndicate lands are being sold out rapidly and will soon become a thickly settled section.

GET AT THE CAUSE

Many Vernon Folks Are Showing How to Avoid Needless Suffering

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Vernon people. Profit by this Vernon resident's experience:

W. H. Hancock, part owner service station, Wilbarger Street, says: "My kidneys were somewhat out of order and the secretions passed too freely. At night this bothered me most, as I had to get up often. I also had a dull, mean ache in my back. I took Doan's Pills and they cured me. My kidneys acted normally and I was no longer bothered with backache."

Narian-Albietz Opens Here to Packed Audience

Storms of applause from a crowded tent indicated that the Narian-Albietz players in their opening night here last night, had won the favor of Vernon show goers. Music, comedy, tense moments, were all well brought out by the members of the company in "Other People's Business."

Many members of the audience freely expressed the belief that it was the best show of its kind that has ever performed in Vernon. Practically everybody was enthusiastic over it. It is one of the cleanest forms of amusement presented to a Vernon audience recently, it is generally agreed.

Tonight "Devil's Lane" will be the feature. It is a rural comedy with the usual red-headed Toby. Wednesday night, the feature will be "Scrambled Wives," a society comedy. Thursday night Vernon people will be given a chance to see "Why Wives Do Wrong."

Mrs. Cecil Ford of Chillicothe underwent an operation at a local hospital recently.

George Darden and family have returned from a trip on which they visited in Fort Worth, Dallas and Ardmore, Okla.

TURF EVENTS TO FEATURE TEXAS-OKLAHOMA FAIR

The best turf events of the southwest this season are scheduled during the Texas-Oklahoma Fair, October 3 to 8, inclusive. A well-balanced card, bringing together the fastest horse flesh in the south and west will be presented, according to E. P. Bass, superintendent of the speed department.

The liberality of the fair management in offering purses aggregating \$10,000 has met with a ready response from turfmen, who appreciate the effort that are being made by the Texas-Oklahoma Fair to encourage and develop the sport. As a result of the cooperation between the fair and racing owners a record entry is expected.

The track is being put into first class shape, and work will be done on it continuously until fair time. Speed quarters are to be cleaned up and overhauled and ready for early shipment.

W. H. Huggins Returns.
W. H. Huggins has returned from a visit to Long Beach and Los Angeles, Calif. He went primarily for his health, and is much improved. His arm that was shattered in an automobile accident last year is healing now.

Born to Mr. and Mrs. D. C. Crabtree, Friday, a girl.

Miss Florence Reeder, graduate of Vernon High school in last spring's class, left recently for Plainview where she has entered Wayland's Baptist College.

New Style Notes as Played by Peggy Paige

TO be smart, one must be backward! In the most fashionable frocks this Fall the fronts are where the backs ought to be. And until we grow accustomed to her, the fair Fall maid is going to have the appearance of heading in the wrong direction.

The flare has slipped and to the back and has carried everything else along with it until we are fairly fluttering with capes, jabots, ties, vertical bands, ruffles, and flying panels. This new silhouette may seem a bit topsy-turvy at first, but it's most becoming to everyone. And this is more than the flat, untrimmed backs could boast, for they were rather trying for some figures.

It's going to be an interesting style season. But it's also going to be a season when left-overs will be easily spotted—unless they're worn backwards!

FLAG COURTESIES.

The other day, press dispatches

tell us, a young foreigner was arrested and sentenced to ten days in jail for alleged failure to show proper respect for the American flag. This happened up in Brooklyn. If it had taken place in Chicago, the great crime center of the country, the picture would have been complete.

Every person, whether native or foreign, should show proper respect for the country's flag when it passes. But you can go into any American town or city in America and find thousands of persons who do not know the details of showing respect for the flag and yet they are patriotic citizens.

It is all right to insist upon salutes to the flag when it passes in a parade. Every good citizen ought to know the courtesies and extend them. Children in school ought to be taught flag courtesy.

But there is a desecration of the flag far worse than failure to salute. The murderers, the thieves, the bootleggers, patrons of bootleggers and men who sit on juries that acquit murderers and thieves or let them off with ridiculously light penalties show far more disrespect for the flag than the ignorant foreigner up in Brooklyn who failed to salute and explained his failure by the statement that the Stars and Stripes was not his flag. His flag was the red one of communism.

A lot of these other people who profess allegiance to the Stars and Stripes are more dangerous revolutionists than an illiterate foreigner who refused to salute. The real menace to this Government are those who wink at law violation and still call themselves respectable. It is all right to jail foreigners who insult our national emblem. But we ought to hang and jail a few more of our native stock who insult our national emblem by making a business of violating the laws that the flag represents.

PERPETUATE THE FAIR.

Steps ought to be taken now to arrange for next year's County Fair. A good fair was staged this year, considering the short space of time allowed to arrange for it after it was finally decided to hold the fair. It is impossible to obtain the best results on short notice. It takes time to arrange for entertainment, secure good racing entries and enlist the support of the people in making exhibits.

The community exhibits this year were unusually good, although they were assembled within the space of only a few days. Those in charge of the exhibits learned a great deal about gathering and arranging an agricultural exhibit. Expert judging is necessary in order to get the best results and this was had this year.

The community exhibits can be made to the fair here what the county exhibits are to the State Fair. There is very little that can be done to arouse interest in agricultural displays when the prizes are offered only on individual entries. Instead of just one or two hundred dollars being offered on community exhibits, prizes aggregating a thousand dollars should be offered.

Nothing will stimulate interest and attendance at the County Fair more than good community exhibits. Good community exhibits are possible only when we have some one in charge of the fair the

year round, instead of for only a few weeks before the fair is held. Successful fairs have continuous management, instead of the intermittent kind we have had for the past few years.

The people of Vernon trade territory have shown by their attendance and their interest in the displays that they are solidly behind the fair as a great civic enterprise. Vernon business men can help by giving a more whole-hearted support than has been evident this year.

THE PARDON BOOMERANG.

"Why wouldn't it be good politics for a candidate for Governor to pardon the Ferguson pardon record?" Inquired a Record reader the other day in commenting on a recent editorial which stated that the candidate who made the pardon record his big issue was doomed to defeat.

Customers who read the editorial page are supposed to be rare. So this one is entitled to an explanation of the reasons which prompted The Record to make the statement under suggestion.

In the first place the Ferguson pardons have been granted only after the applications had been passed by the Board of Pardons and in most instances they were endorsed by trial judges, district attorneys, jurors, and others conversant with the facts who had influence. In other words the pardons are not altogether Ferguson-made, and the candidate who seizes on the pardon record as a campaign issue will find the Governor's husband well fortified with facts that will prove that the Fergusons have had a lot of help.

Another factor is that many of the pardons were deserved, and in still other cases the pardons were not pardons at all but simply restorations of citizenship to convicts who had completed their terms.

The Record is not denying the Ferguson pardon record. It is to be doubted whether all of the pardons issued were deserved and The Record is quite certain that wholesale pardoning of convicts can only have the effect of still further weakening the law. None but a juvenile could argue otherwise. One of the reasons we have so much crime is because of the comparative safety of the criminal career. Chances of conviction are remote and unquestionably the prospect of an early pardon after conviction, causes the criminal to be inclined to view lightly the matter of breaking the law.

Swift and severe punishment will stop lawlessness in Texas in a single year, but as long as juries acquit murderers and high-jackers or let them off with only nominal sentences we are going to have lots of criminality. Piousness pardon granting will have the same effect.

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by all Drug Stores.

Another Wrestling Bout Is Slated for Thursday Night

Encouraged by those who saw the wrestling match here a few weeks ago, promoter W. O. Powell has arranged for another affair of the same sort to take place under the auspices of the American Legion in the Vernon opera air arena Thursday night. In the feature bout this time, Ernie Maddock, junior middle-weight champion of the United States is pitted against Silvio Checco, champion of the U. S. Navy. The bout will be a finish match for the best two out of three falls.

Maddock has been going strong in his matches at Wichita Falls during the past week, and he will be a tough customer to handle. The fact that Checco is champion of the United States Navy indicates that he has a habit of handling tough customers.

Young Cutch, the grappler who gave Jack Gorman considerable trouble here in the matches two weeks ago, is matched with Jack Woods of Shreveport, La., this time for the best two finish falls out of three.

FAIR WAS FINANCIAL SUCCESS, SAYS MANAGER WHO SUGGESTS NEW PLAN

(Continued from page 1)

stores until afternoon, making it impossible to get lunch and reach the grounds by 2 o'clock.

A number of business men did loyally support the fair and those who took advantage of the opportunity to mingle with the farmers were very favorably impressed with the results of this year's fair and believe that much good can be accomplished in the way of advancing Vernon trade interests through proper cooperation of business men with the fair management in the future.

Mr. Coffee suggests that in the future the business men of Vernon should take steps to assume the responsibility of staging the fair. Much of the stock in the Association is owned by men who are not active in business and who have no direct interest to serve. These should not be compelled to continue to bear the burden of putting on a fair. If the business men of Vernon would take the time to inform themselves about the interest the people of the county take in the fair, they would not be slow to recognize the opportunity of promoting a friendly feeling between farmers and business men by staging a good fair each year.

The community exhibits were the backbone of this year's fair and there is no reason why this year's number of eight such exhibits could not be increased to twenty or thirty next year, Mr. Coffee says. Every community exhibit enlists the active interest of several hundred people in the fair, he points out, and this can be made the outstanding feature of a great fair, just as the county exhibits are the main feature of the State Fair each year.

Vernon Lions Administer Crushing Defeat to Memphis Gridders in Fair Park Practice Game Friday

The Vernon Lions beat the Memphis High school football team by a 20-0 score in Vernon's season opener staged at Fair Park last Friday afternoon. The Lions won the game easily, using practically the second string throughout the last half. Coach Baggett gave all but two of his squad a chance to play some time during the game.

The Lions had the Memphis team at their mercy after the first quarter. The game was slow because of the intense heat, and was marred by injuries to the Memphis players,

none of which were serious.

Coach Baggett's starting line-up looked good. The backfield was all that was expected of it, and the forward wall showed up better than most fans anticipated. After winning the game Friday, fans generally agree that Coaches Baggett and Wilmon will have a strong eleven this year. If they are not crippled by injuries to first string men, the reserves used Friday did not show up very well, although it was apparent that they were inexperienced. A little scrimmage will

doubtless improve them wonderfully.

Vernon used nothing but straight football to win the game, employing line bucks most of the time. Memphis opened up with a strong aerial attack during the latter part of the game, but failed to gain much. The visiting team attempted fifteen passes, two of which were intercepted. Three were completed for a total of 39 yards. Vernon only tried the aerial route one time, and Crouch allowed the oval to roll off his finger tips with an open field about him.

The Lions gained 287 yards from scrimmage, as compared to 90 won by the visitors. During the first half when the Lions first string was playing, the visitors won nineteen yards while the locals piled up 180. The Lions made thirteen first downs and Memphis four.

Ryan kicked to Lemon, who returned the five yards to Memphis' thirty-yard line. Two end runs netted five yards, and a pass was knocked down. Ryan intercepted a second pass, and was downed on Memphis' forty-eight yard line. Williams made four yards through center, and Williams plucked three consecutive backs, ranking first down on Memphis' thirty yard line. Crouch fumbled, recovered, lost eleven yards, and Ryan gained five around right end. A pass failed and Vernon was penalized for being offside on a punt. Ryan made five yards around right end. The ball went to Memphis on her own thirty-six yard line. Memphis kicked forty-four yards after two passes failed and a line buck netted one yard. Crouch returned the ball six yards, and it was the

Lions' ball on their twenty-six yard line. Williams fumbled, and recovered for no gain. Ryan circled right end for eight yards, and Gelhausen bucked the line for four yards and first down. Ryan circled left end for five yards, followed by Gelhausen through center for the same yardage and first down. Gelhausen went over center for eleven yards, placing the ball on Memphis' forty-one yard line. Williams made first down on two end runs and a line buck. Crouch circled left end for six yards, and Ryan made two over center. The quarter ended with the ball in Vernon's possession on Memphis' nineteen yard. Score 0-0.

Williams opened the second quarter by making two yards through the line. Ryan circled left end for five yards and first down. Gelhausen made the remaining eleven yards to the goal line in three successive backs over center. Williams kicked goal. Ryan kicked to Memphis' five yard line, and the ball was returned to the thirteen yard line. Two backs gained four yards, and a pass failed. Memphis kicked forty-one yards, and Ryan returned eighteen. It was Vernon's ball on Memphis' forty yard line. Crouch circled right end for eighteen yards. Williams gained three through the line, and Crouch recovered his own fumble and broke through the line for nineteen yards and a touchdown. Williams kicked goal. Ryan kicked to Memphis' twenty-seven yard line, and the ball was returned four yards. Memphis made first down on two line bucks and an end run. Gelhausen intercepted a Memphis pass on the fifty yard line and returned it sixteen yards. Crouch circled left end for four yards. Ryan made two yards around right end. Williams plunged through the line sixteen yards in two downs. Gelhausen made six yards through the line, and Williams plucked over center for the remaining six yards to the goal. Williams failed to kick goal. Ryan kicked to Memphis' goal line, and the ball was returned twenty-seven yards. Robinson lost five yards by being offside. Harrow broke up a play, and threw the runner for a yard loss. Robinson broke through the line and tackled the runner five yards behind the line. Ryan received a punt on Vernon's forty yard line, and returned it twenty-two yards. It was Vernon's ball on Memphis' thirty-eight yard line. Crouch plunged through the line, and almost got away, but was downed after gaining thirteen yards. The half ended with Vernon on Memphis' twenty-five yard line. Score Vernon 20, Memphis 0.

Ryan's kick hit the Memphis center, and Memphis covered the ball on the thirty-yard line. Two backs and an end run made first down. A shift play netted three yards, and Memphis was penalized five yards for being offside on an attempt to pass. Memphis kicked to Ryan on Vernon's nine yard line, who returned six yards. Ryan circled right end for five yards. Gelhausen gained four through the line. Ryan punted thirty yards, and Memphis returned twelve, placing the ball on Vernon's forty-two yard line in Memphis' possession. Two plays over left tackle gained six yards, and a shift netted one. An attempt to place kick was received by Parker on the six-yard line and returned ten yards. Crouch circled left end for thirty-eight yards. Hollar made two around left end. Ryan made seven around right end. Hollar made eight on a duplicate play. Crouch circled the same end for three yards. Luttrell failed to gain on a similar play. Ryan recovered his own fumble, and made one yard on a long run across right end. The quarter ended with Vernon in possession of the ball on Memphis' twelve yard line. Score: Vernon 20, Memphis 0.

Mr. and Mrs. B. H. Lisman, Mr. and Mrs. H. B. Farrell and J. D. Jagger returned yesterday from Fort Worth where they attended the funeral of their sister's husband, Carlton Jagger, who died there Saturday afternoon. Funeral services were conducted at the home of his parents, Mr. and Mrs. F. L. Jagger at 9:30 o'clock Monday morning by Rev. Charles Draper, pastor of St. Paul's Methodist church, and Dr. L. D. Anderson, pastor of the First Christian church.

Mr. Jagger had just returned with his family from a long trip in the North and East, and died after a few days illness. He is survived by his widow, formerly Miss Edith Jagger, of this city, and little daughter, Jacqueline; his parents, and a brother, Mermond, all of Fort Worth.

Mr. and Mrs. Clifton Withers, Jr., returned Sunday from an automobile trip to Colorado and New Mexico.

What Our Neighbors Are Doing

Sid Coleman says that often he is busy as a man can be—he dreads going home at night, for fear his wife will not feel right, because he hasn't made those shelves to put her fruit jars on and jelly; or fixed the attic so

the kids can play in there and mind their biz; or lined the coal bin so the dust won't come up stairs and make a muss. He says the front porch floor is weak and every time he hears it squeak he thinks he's going to break through, he don't know hardly what he'll do. We told Sid Coleman what we'd do if we were walking in his shoe. We'd tell Long-Bell our trouble to and ask them if they'd see us through. They'll send a man up there this week who'll fix those boards so they won't squeak, and so his wife will feel so good, she'd cook him up some extra food, and maybe sew his buttons on, and life will be one long sweet song.

The neighborhoods of more than 100 Long-Bell yards furnish the incidents being related under the above headline—actual names not used.

For Sale—Real Estate

FOR SALE—One-half of the following tract of land located two miles west of Chillicothe, Texas: Section 42 and Section 57 and half of section 43. There is no question but we have all been making a mistake by holding too large tracts of land, by so doing we are keeping good, nice families from locating on 100 acre tracts. By operating smaller tracts we can make twice as much per acre as we do by trying to run too much. What our county wants to make it a better and richer county is to divide up our land with our neighbors and new comers. Call on Mr. S. P. Fowler, manager of the above said farm, and he will show you. This farm has been used for a good many years as a stock farm, consequently it is in a high state of cultivation. 70-6tc

HEATH RETURNS AFTER 2 MONTHS**LOCAL BUSINESS MAN AND HIS WIFE REACH HOME AFTER LENGTHY TRIP EAST**

Mr. and Mrs. N. R. Heath arrived home Saturday night about 9 o'clock, following a vacation trip of more than two months that had taken them through various sections of the North and East, returning through Virginia, Tennessee, Alabama, Mississippi and Arkansas.

They went from here by train to Detroit where they accepted delivery from the factory on a new Dodge Bros. automobile, which had been bought through the local agency. From Detroit they visited in Toledo and Cleveland in Ohio, Niagara Falls, Buffalo, and Lake Chautauque, New York, Ontario, Canada, Erie and Philadelphia, Pa.,

and returning south for a two weeks stop in Baltimore and Washington. They left Washington over the route of Lee Highway, and, except for a few detours to visit points of interest or on account of road construction, followed this route into Vernon. One of the most interesting places visited on the trip was the vicinity of Luray, Va., where there are some of the most wonderful caves in the world. The beauty of these caves is indescribable and is well worth a trip to see, according to the local man. The scenery in the Blue Ridge mountains of Virginia is even more beautiful than the mountain scenery of Colorado and New Mexico, Mr. Heath says. The Mammoth cave in Kentucky was visited on a side trip from the route home. Knoxville, Tenn., Muscle Shoals, Ala., Memphis and a number of points in that section of the South were visited.

Returning to Vernon from Detroit, Mr. Heath says they traveled a little more than 3,600 miles. Of the first 2,500 miles he says not more than 100 miles of it was unpaved. Both brick and concrete are used as road materials in Pennsylvania and Ohio, he stated, while in Virginia and Tennessee different types of asphaltic construction is being used.

Lion Roars

Big Crouch looked good in his first try-out in the backfield Friday. Although running fewer times than did any other back that started the game, Crouch ranked second in total yardage gained, and first in average yardage. In eight attempts, he gained seventy-one yards, and averaged practically nine yards. He failed to gain only one time, losing eleven yards on a fumble that could hardly be credited wholly to him. The back carried the ball in a way that may not prove to be the best in hard games. He carried it out before him gripped between his hands Friday.

Clifton Withers, letter man of last year, was out in moleskins yesterday afternoon for the first time this year. Withers has the distinction of being the only married man on the squad, having married since the close of school last year. His weight makes him a welcome addition to the squad. In the workout yesterday he displayed plenty of speed.

Williams' accuracy in place kicking goals from touchdown Friday started gossip among fans. It is the general opinion that he will prove to be a strong threat from the field before the end of the year. His line punting Friday was good. In ten tries he recorded forty-five yards, gaining every try except one, and going down for no gain that time.

Captain Robinson showed indications of playing up to his old form Friday. Twice he broke through the line, broke up the play, and threw the runners for losses. His delivery was good, considering the fact that it was the first time he had delivered the ball from a scrimmage line this year.

F. A. Newth's booting looks good. He made an admirable kick in Friday's game, getting away a boot for good yardage in spite of the fact that he was practically surrounded by opposing players. With training, his toe should develop into a valuable asset to the Lions.

Ryan took ground gaining honors Friday with a total of 83 yards. He carried the oval thirteen times, and lost ground on two occasions. He has the distinction of making the longest gain, carrying the oval thirty-eight yards at one time.

Gelhausen has the distinction of being the only one of the starting backfield that never failed to gain. In eleven tries, he gained fifty-eight yards.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by all Drug Stores.

1226 Main St.—Vernon**Vernon Second String To Meet Crowell Saturday**

Saturday afternoon, Vernon High school's second string will take on Crowell High's football team in the first game of the season for the local second string. Coach Baggett announced that an effort will be made to match several games for the second string this year in order that they may have the pleasure of competition that comes from match games.

Crowell is reported to have an unusually strong team this year, and the game Saturday promises to be hotly contested. It will be staged at Fair Park.

THE FAIR

Vernon's Lowest Price Cash Store

The FAIR is over and all of us have gone back to our regular routine of work, but WE have not forgotten the interest that the people of Vernon and Wilbarger County manifested in our exhibit at the fair. We feel that our coming to Vernon was a worthy mission. We are furnishing a method of investing the savings of all classes of people at a good rate of interest and also making it possible for every non-property owner in Vernon to own his own home and pay for it like paying rent. Can you imagine anything better for a community?

Purpose of the Association

This Association was organized with two main objects in view.

FIRST—To furnish a convenient, safe and profitable method of investing the savings of all classes of people.**SECOND**—To furnish persons who wish to borrow money on real estate security, the means of doing so at a reasonable rate of interest.In other words, it is an Association composed of savers and borrowers, and established for their mutual convenience. It gathers together the savings of the people which, scattered and in small sums, could not be invested to advantage, and loans the money thus obtained, on **FIRST MORTGAGE SECURITY**, to other people who want to build themselves homes, to pay off mortgages, to invest in business, or for any other proper purpose.

We believe our loans are the most conservative of any real estate lending institution in Texas.

Consult us, without charge, on any financial problems. Everything in confidential.
